8th January 2021

Dear parents / guardians

I don't doubt that by now, you will be well aware of the decision by Welsh Government to extend the period of school closures up until at least Friday 29th January, with the caveat that if the number of positive Coronavirus cases and transmission rates are not adequately reduced, that the school closure period could be extended until February half term.

I am sure there will be a range of feelings about this, not least sadness at the prospect of even more face to face teaching being lost - certainly I would share this sadness. However, despite the vaccine and the thought that we would all be beyond the clutches of this virus by now, unfortunately, it continues to spread amongst our communities.

With the number of daily deaths currently in excess of what they were for much of the time when the virus was at its peak last spring, the reality of how severe the situation is again is keenly felt.

What is most important now, is that you and your families are keeping safe and well. Trust that we will continue to do all that we can to support you and your children through this by continuing to provide online remote learning, as well as hard copies of resources if required, through providing on site provision for vulnerable learners and by also expanding our pastoral care and support programme.

Please keep in touch with us and do not hesitate to contact us if you have any queries or issues, or if you require any support.

Yours faithfully

Mrs Jarvis
Headteacher
