

19th April 2021

Good afternoon Parents/Carers,

Following confirmation of a positive covid-19 case within the Year 11 year group, the cohort are now required to complete distance learning up to and including the 26th April.

We understand that this is a worrying time but we will support your child throughout this period.

Below, you will find your child's timetable for this week which highlights how their lessons will be delivered. Yellow for a live lesson and pink for live support lesson via the Google Meet platform. All work and Google Meet codes will be uploaded to your Google Classrooms and, as usual, this can only be accessed with a Llanwern account. Timetables and Google Classroom support can also be located on the [distance learning website](#).

The assessment process planned for Year 11 will be adapted but will continue during this period with work produced being able to contribute towards evidence for centre assessed grades. Information on the assessment process can also be located on the [assessment 2021 website](#).

If you require a laptop or dongle for internet access, please contact Miss Thomas who will organise this for you.
